Dear Mr Campo, I am writing this letter as a 24 year resident of Waterford, two children that have graduated from Waterford Schools and I am currently employed at WPS. I have seen first hand the tremendous value of the coaches on the development of on line learning this year and may need in the fall. They have been working tirelessly to have everyone up and running in a short time and continue to keep us updated. The fall could be an extremely busy time if we need PPE, more Chromebooks, more training, updates to equipment, etc. We need our coaches. I strongly disagree with cutting the education budget at WPS. Thank you.
