Subject: Response to Waterford RTM Regarding Cut To The Waterford Education Budget

CAUTION: This email originated from outside of the organization.

To: Waterford RTM:

Your recent vote to cut \$470,000 from the Waterford Education budget was highly disappointing. The current budget request had been vetted and fully laid out by Superintendent Giard and this decision appeared completely arbitrary. Due to the pandemic it is outrageous to think that the school will not require even more funding in order to insure our students safe return to on-site schooling.

The cut will certainly affect teachers, curriculum, and extracurricular's such as sports and the arts. We have 2 children in the Waterford school system, currently at QHES and CLMS. We could have moved to any town, but the quality of the Waterford schools was the main reason that we chose to buy our home here. Please reconsider your harmful budget decision.

Sincerely,

Bigi Ebbin & Eric Page
