Hi Dave,

My name is Carol Batch. I cannot believe the cut to the BOE budget. More than ever, this is the worse time to do this. No one has any idea what these children are going to need, when and if they go back to school. I have a grandson in 1st grade this year; going to second. I really think that wearing a mask all day in school is going to traumatized the children let alone other issues they will face, if they have fallen behind in studies, what their home life experience has been like during this quarantine. I feel this is the biggest mistake this town will be making.

Please reconsider this option and put the children first before you cut any money.

Thank you

Carol Batch
