Save the date! CAWS Annual Meeting & Wetlands Conference – March 5, 2025

The Connecticut Association of Wetland Scientists will host its **2025 Annual Meeting and wetlands conference on Wednesday, March 5, 2025** at Aqua Turf Club in Southington, CT. We anticipate opening registration at the end of January. For now, we hope you will **SAVE THE DATE** and plan on joining us for a day of learning, networking, and collaboration with fellow wetland professionals and enthusiasts.

Annual Meeting Sponsors and Exhibitors Wanted

Make an impression on those involved in the study and management of wetlands and other conservation lands. Exhibitor tables are \$350, while 501c3 organizations and government agencies may exhibit for the discounted rate of \$125. Sponsorships include logo branding and other benefits. Learn more about [exhibitor and sponsor opportunities](#)!

Call for Presentations

CAWS wants to hear from you!! Our annual meeting programming will include the usual helpful updates from federal and state officials. We have reserved some additional slots in the day, however, for engaging presentations from our colleagues in the profession. Do you have an interesting project or research endeavor that would be of interest to a room full of (200+) wetland professionals? Our audience is composed of professional soil scientists and wetland scientists, municipal wetland officers and commission members, conservation and land trusts members, consultants, state employees, and related vendors.

What are the new means and methods of preserving and enhancing wetland functions and values? What are the latest lessons from the field? We welcome your case studies, evolving best practices, and research findings — share your successes and lessons learned with this dedicated Connecticut wetlands community!

General topics could include:

- Wetland Sciences
- Wildlife and Biological Studies
- Advancements in Technology
- Wetlands Mitigation
- Energy Projects in the Environment

Generally, presentations are allotted 30 minutes with a 10-minute Q&A session. To submit your topic for consideration, **please send an abstract by January 24** to wetlands@ctwetlands.org. You will receive notice that you have been accepted by **January 31**. Invited speakers will gain free access to the conference.

Scholarships

CAWS offers two \$1,500.00 annual grants each year, the Michael Lefor and the Les Mehroff Grants. Please help us spread the word to those who might be able to take advantage!

Michael Lefor PhD Grant

The Michael Lefor PhD Grant provides support for research conducted by a qualified undergraduate or graduate student from an accredited college or university in Connecticut. Research topics can include wetland or aquatic ecology, wetland or aquatic invasive species, stream or river ecology, fluvial geomorphology, limnology, watershed studies, or wetland law or policy. The student need not be a member of CAWS to apply.

Les Mehrhoff Grant

The Les Mehrhoff Grant provides support for on-the-ground preservation efforts or invasive control efforts conducted by non-profit, community groups, or individuals directed at preserving plant biodiversity within Connecticut. The recipient/group need not be a member of CAWS in order to apply. Ideal candidates would include land trusts, garden clubs, citizen and student conservation organizations, and related groups

Applications must be emailed to wetlands@ctwetlands.org by **February 24**. Winners will be announced at the conference on **March 5**.

Join CAWS for 2025!

CAWS membership is geared toward all wetland professionals and enthusiasts, including wetland scientists and soil scientists, municipal wetland officers and commission members, engineers, landscape architects and other consultants, attorneys, state regulators, students, and members of the general public with an interest in wetland science. Membership in CAWS provides a forum for the exchange of ideas, research, consulting, and regulatory-related issues, among other wetland-related interests.

There are four levels of membership based on experience, education and participation in CAWS. Learn more by downloading our **Membership Form**; or simply access our **Online Form** to join CAWS today!

THANK YOU for your support of CAWS! Please forward this email to others who may be interested!
