RE: Oswegatchie Fire Co., No 4, Inc

To the Esteemed Members of the Waterford RTM,

I have been a resident of Waterford since 2001 and have been proud of our town's fire departments' ability to respond to the needs of the community. As we all know, covering Waterford's over 44 square miles and serving over 19,000 people takes organization, dedication and some significant logistics. Central to the logistics of our community, is the ability for Oswegatchie Fire Company to support and respond to the needs of not only District 3, but other districts as well. Oswegatchie Fire Company's location on US Route 1 allows easy support to downtown Waterford, Cohanzie, Jordan, Great Neck and even Quaker Hill. On top of being able to support the other stations, their proximity to Waterford Ambulance and Waterford PD, ensures that all emergency services can support the town promptly.

On a personal note, I have been taking care of my parents for the past 15 years and we have had a couple of 911 instances where Oswegatchie Fire Company was the first to respond to our needs. The team was quick to assess the situation, stayed in constant contact with the ambulance and had my father prepped and ready for the ambulance team when they arrived. My house is old and is not easy to maneuver around, but the team was quick, safe, responsive and very respectful of my family. One of the trips resulted in a helicopter flight to Yale waiting for them when the ambulance arrived at Lawrence Memorial, and I like to credit the Oswegatchie Fire Company for their teamwork, dedication and care for getting my father promptly to those life-saving services.

I believe, given the location of the Oswegatchie Fire Company and their ability to respond to the community, that investing in a new firehouse will be a wise, tax-based expenditure I can endorse so the location continues to be a critical support facility for Waterford's emergency needs.

Thank you for your consideration,

Dana Schlosser

Hi, Dave.

We hope all is well with you and Tina.

We're writing to let you know that we wholeheartedly support the construction of a new station for Oswegatchie Fire Company. Yours is the only email address we could find on the RTM website, so that's why we're writing to you.

We and the other Waterford citizens in the Oswegatchie district depend on a well-equipped, well-functioning fire company to ensure our safety. Critical to that company's efficiency is a structurally sound station.

We ask you to communicate our support to the RTM at the October 6 meeting. We'd be there in person but we'll be in Italy for a long-planned and long-delayed trip. Finally!

Thanks,
Peter & Patti

I am writing in support of the new building to house the Oswegatchie Fire Co., No. 4 which serves my district in Waterford.

I believe that those who commit to put themselves at risk on a daily basis to save the lives and dwellings of others should operate from a safe structure. The issues with this firehouse should have been addressed and resolved years ago. Continuing to deliberate over this issue not only allows the eventual cost to increase, but puts our heroes at physical and mental risk.

I have always been and forever will be grateful to our first responders, law enforcers, and military for protecting and keeping us safe. The Town of Waterford needs to reciprocate.

To: The Waterford Representative Town Meeting

Dear Town Representatives,

It has come to my attention that there is a vote scheduled regarding funding for the new fire house for the Oswegatchie Fire Department. As a resident of Waterford for the past decade I understand the extreme importance of ensuring the local fire departments are properly funded and equipped. These brave humans risk everything to protect their community and keep their neighbors safe. Whether it's responding to a call or the annual Santa Ride to collect toys and food for those in need, Oswegatchie FD has been there for Waterford and now it is our turn to be there for them. It is my strong hope that you share these sentiments and will vote to approve the funding to rebuild their firehouse at the October 6th meeting.

Thank you for your time.

Sincerely,

Jordan Janas

To: David Campo, CCTC

Ref: Representative Town Meeting, Oswegatchie Fire Company building project

Members of the building committee,

It is with deep concern that the Oswegatchie Fire Company receives the support needed from you for its needed bonding. The project is long overdue and vital to our community.

So, we rise in support of the bond for this project.

Respectfully,

Douglas Carrington

TOWN CLERK

BEECHWOOD ESTATES HOMEOWNERS ASSOCIATION

October 2, 2025

To Waterford RTM:

With the population of Waterford continuing to rise, we need all of our town's fire companies to be fully staffed with the best training, equipment, and facilities possible. It is time to bring the Oswegatchie Fire Company's facility up to date so that they can continue to serve the town well.

The fact that structural issues significant enough to threaten collapse of the Oswegatchie Fire Station identified in 2008 still have not been resolved is disheartening. Continued delay in pursuing corrective action will only make the cost of resolution more expensive.

Beechwood Estates is an over-55 community located off Parkway South. Our residents rely on the town's emergency services more than the general population. The well-being of the Oswegatchie facility is especially important to us.

The forty (40) homeowners in our community strongly support the construction of a new and more functional building to house the Oswegatchie firefighters and recommend the RTM immediately pursue any bonding required to ensure the Oswegatchie Fire Company can properly address any fire protection issues.

On behalf of the Beechwood Estates Homeowners Association,

_____, Secretary
Kathleen Swope
