CONCURRENT

PREVIOUS WORK/MUNICIPAL EXPERIENCE

Planning and Zoning Board of Appeals town of Waterford 2019-2023

I currently occupy the elected office as a regular full member of the planning and zoning board of appeals in the town of Waterford. As a member of the Zoning Appeals Board I provide relief to the citizens in the town of Waterford to allow uses of land and property that would be deemed unusable or overly restricted by current zoning laws. I possess comprehensive knowledge of zoning regulation, land use regulations, Connecticut General Statutes specific to land use, and a bearing on the legal systems in place governing land uses in Connecticut.

Realtor Coldwell Banking State of Connecticut

Licensed Real Estate Agent in Connecticut with Coldwell Banker, East Lyme CT office. I am able to manage, and represent buyers and sellers with their real estate investments or housing needs. With a wide wealth of knowledge in real estate, both commercial and residential along with my personal interest of New England's history, bringing parties together to facilitate transactions comes very naturally. Holding a valid National and Connecticut Real Estate License to help the economic development of Connecticut and the greater area is one of my goals.

Treasurer McCarty for State Rep 2020

As treasurer for Kathleen McCarty's re-election campaign I was an integral component of a multi-town political campaign. Working closely with the State Rep, and her established political team, we won a highly contested district wide race, re-electing Kathleen as the State Representative of the 38th district.

To whom it may concern,

Hello, my name is Warren MacKenzie and I was informed there was a spot on the Historic Properties Commission for the town of Waterford CT. First of all thank you for any and all considerations on my behalf. As a life long resident of the State of Connecticut, having only spent a few years taking tours of America I can firmly say that New England and in particular our jewel of Long Island Sound Waterford is the nicest place in America!

One thing in particular that makes Waterford and New England as a whole distinctive out of the rest of the world is our rich history. In New England it is almost impossible to tell that rich history without it revolving around and being directly tied to the properties and land. Much of a families history and ethos is greatly tied with the land they curate and how their professions shaped the property which they owned. Not to mention the civic buildings and Municipalities dotting the land. From the grist mills to the abandoned institutions, woebegone graveyards along with foundations that haven't held a structure since colonial times there are many little known facts, oral histories, and well known histories associated with almost every inch of all of Connecticut, Waterford for certain.

With this in mind and knowing the special association properties have with the history of our great town, it would be my honor to be a member of the historic properties commission to ensure that our history and the property that represents that history is correctly curated so our great history can be shared with future generations and serve as a reminder of the humble beginnings New Englanders have prospered from.

Thank you most sincerely,
Warren MacKenzie

Waterford Youth & Family Services
