Town Clerk FISCAL YEAR 2022 BUDGET

Town of Waterford

BUDGET FUNCTION

The primary duties of the Town Clerk's Department include but not limited to records retention and preservation, vital statistics, FOI request management, land recordings, and licensing (fishing, hunting, canine, shell fishing and marriage). A variety of oaths are administered by the department. Supervision of elections, primaries and referenda continue to be a primary responsibility, being ever mindful of changes to election law and procedure. The office is a designated repository for many filings as well as board and commission minutes. The Town Clerk often acts as the initial contact to the public whether it is by phone, email or in person. Town Charter requires the town clerk to act as secretary and clerk to the Representative Town Meeting. Currently, there are over 500 statutory requirements of this office. This continues to grow. The function of this department has changed greatly due to the COVID pandemic and may have an effect on budget requests in the future.

FY2022 BUDGET SUMMARY

The Town Clerk's budget is completed in a zero-based budgeting format. All items are reviewed for appropriateness annually. The Operating Budget for FY22 is submitted for your review in the amount of \$269,750. This represents an increase of .9%. The primary reason for the increase is due to the increase in the Personnel Cost Line. It should be noted that the department, outside of personnel costs which we are contractually obligated, realized a reduction of 10.6%. The greatest savings came from the reduction in the Office Equipment Line.

LI 52510, the contract with Avenu, is by far and away the biggest outlay after personnel costs. It is important to understand that this expenditure is primarily a function of the number of instruments recorded. The revenues generated as a result of this expenditure justify the expense. The number of recordings in any given year is subject to the vagaries of the marketplace, home sales, development, interest rates, foreclosures, etc. Avenu charges \$4.15, plus \$.40 (index verification), per recording, no matter how many pages. Given the package of services provided (see detailed breakdown in backup material), the cost is well worth it.

To illustrate a typical recording, take for example, a 15-page mortgage: total recording fee is \$130.00 (\$60 for the first page and \$70 for the remaining 14 pages @ \$5/page). Out of the \$130, \$4.55 goes to Conduent; \$2 to town clerk's document preservation revenue fund; \$8 to State Library preservation fund (from which the town clerk's office is eligible for an annual grant); \$36 to the State Treasurer (land protection, affordable housing and historic preservation); \$1 to a town clerk revenue fund; and \$3 to a town revenue fund for capital improvement projects. The remaining \$75.45 goes directly into the town's general fund.

It is worth noting that this office did not collect fees for 13 recordings from the Tax Collector. Nor were fees collected for 36 recordings by the town attorney on behalf of the town. Those recordings, in fact, actually cost this department \$222.95 (\$4.55/recording per Avenu contract) in FY20.

The department continues to operate in the black which it has every year since FY96. Revenues returned to the general fund in FY20 totaled \$498,492 and actual expenditures totaled \$259,290. A net income for the town was realized in the amount of \$239,202, a slight increase from FY19.

As did my predecessor, I will continue to tap into the two town clerk revenue funds keeping many Line Items to \$1.00. Most towns have moved the land records to an online format. The records are easily maintained and distributed creating a user friendly town clerk's office. Line Item 101-21036 [CGS 7-34a(d)] can be used for the "preservation and management of historic documents". The purchase of commission, board and elected officials tracking software will be purchased out of

one of the two revenue funds. The approved activities are defined in CGS 11-8j (attached). Also pursuant to CGS 7-34a(d) is the Historic Documents Preservation Program administered by the Public Records Administrator. Annual grants range between \$3,000 and \$5,500. The most recent grant was approved, in the amount of \$5,500. The use of these funds is summarized at the end of the budget packet.

BUDGET EXPLANATIONS BY CATEGORY

BUDGET JUSTIFICATION FY22

PERSONNEL COSTS (51000 Series)

\$238,692 2.6%

The payroll was maintained at FY20 contract levels for the GGA workers (Deputy Town Clerk). A sharp increase was seen with the #1303 bargaining group workers (Assistant Town Clerk) because a contract had recently been negotiated increasing both FY21 and FY22. has not been negotiated as of the budget deadline for submission. The elected officials (Town Clerk) rate increase is based on the October/2020 CPI-U (1.2%) per RTM approval.

SERVICES (52000 Series)

10109-52010: ADVERTISING

\$1300 30%

Advertising is mandated by State Statute/Town Charter and Ordinances. Legal notices, primarily election/primary related. Additionally, a legal ad will be placed to notify the townspeople that the annual audit/budget is available for view. A rate increase is not expected and I have rounded up to accommodate for any format change of state mandated ads. Any additional advertising needs will be paid out of Line Item 101-21039 [CGS 7-34a(e)] or Line Item 101-21036 [CGS 7-34a(d)], the two Revenue Funds.

LI 101-21039

(e) In addition to the fees for recording a document under subsection (a) of this section, town clerks shall receive a fee of forty dollars for each document recorded in the land records of the municipality. The town clerk shall retain one dollar of any fee paid pursuant to this subsection and three dollars of such fee shall become part of the general revenue of the municipality and be used to pay for local capital improvement projects, as defined in section 7-536. Not later than the fifteenth day of each month, town clerks shall remit thirty-six dollars of the fees paid pursuant to this subsection during the previous calendar month to the State Treasurer. Upon deposit in the General Fund, such amount shall be credited to the community investment account established pursuant to section 4-66aa. The provisions of this subsection shall not apply to any document recorded on the land records by an employee of the state or of a municipality in conjunction with such employee's official duties. As used in this subsection, "municipality" includes each town, consolidated town and city, city, consolidated town and borough, borough, and district, as defined in chapter 105 or 105a, any municipal corporation or department thereof created by a special act of the General Assembly, and each municipal board, commission and taxing district not previously mentioned.

Historic Document Preservation Grant Program

Sec. 11-8j. Preservation and management of historic documents: Definitions. As used in sections 11-8i to 11-8j, inclusive, "preservation and management of historic documents" means activities that include, but are not limited to, the following: (1) The restoration and conservation of land records, land record indexes, maps or other records; (2) the microfilming of land records, land record indexes, maps or other records; (3) the use of information technology to facilitate the performance of duties integral to the maintenance and tracking of historic documents; (4) providing public access to an electronic indexing system that combines the grantor index and the grantee index of a town's land records; (5) the assessment or upgrading of records retention facilities; (6) disaster recovery; and (7) the training of personnel to perform duties integral to the maintenance and tracking of historic documents.

NEAR AND LONG TERM PLANS TO RESTRAIN BUDGETARY GROWTH

As in the past and going forward we will remain a no frills office. That being said, most town clerks offices have implemented technology incrementally throughout the years reducing the time spent on particular projects. Many projects have been put on the back burner in order to finance the day to day operations with the revenue funds. The primary purpose of these funds is for document and record preservation. These funds are set aside by the State of Connecticut. My concern is that the state may discontinue these funds and our window to upgrade the office will close.

Thanks to CGS 7-34a(d), records restoration is being funded from a revenue fund (An Act Concerning Real Estate Filing and the Preservation of Historic Documents). Thanks, also, to CGS 7-34a(e), (An Act Concerning Farm Land Preservation, Land Protection, Affordable Housing and Historic preservation), the office has more latitude in expenditures. Also available is an annual grant award, most recently in the amount of \$5,500. Over the last several years the grant amount has ranged from \$3,000 to \$5,500.

We will continue to reduce the postage line with the use of email when appropriate.

The use of part time personnel in the office will not be needed to implement any technology. Any amount of additional implementation will be provided without overtime, either will be completed by staff during the town hours of operation or by the clerk during hours outside of normal operating hours.

We will continue to share advertising costs with other towns to help reduce expenses when appropriate.

State provided education will be committed to and implemented when appropriate. We look forward to training from the state for the State Death Registration System which will allow us to easily retrieve and create death records. The savings by this department per year will be approximately \$250, and will include additional revenues.

When appropriate the plan is to continue the use of the revenue funds to help support some line items and department initiatives.
