Re: request funds be moved from designated to appropriated

On behalf of the Waterford Fire Services, I would like to request that \$181,000 in line 20523-57826 (Hydraulic Equipment) be moved from designated to appropriated.

This project is currently with the Rescue Tool Replacement Committee in the evaluating stage of current hydraulic rescue tools & equipment. We recently had this equipment serviced and many items came out of service due to costly repairs needed. Most of these tools were purchased between 1995 & 2003, have met, and exceeded their life expectancy. With the age and condition, I am recommending the purchase of replacement equipment. Copies of pricing for hydraulic equipment is attached to this request. Pricing for mounting of equipment is additional and hard to get a quote as each apparatus is different. I estimate cost of \$10,000 or less to complete removal of old equipment and mounting of new equipment.

Director of Fire Services

Michael J. Howley
