Re: Hydraulic Tool Surplus items

On behalf of the Waterford Fire Services, I would like to request the Holmatro rescue tools that were replaced in F/Y 21-22 CIP project be declared as surplus. See the attached list of asset numbers and items. In addition, if donation is approved of old Holmatro tools to Cohanzie Benefit Association, they will donate to the Town, two hydraulic tools one cutter and one spreader, multiple hose reels, and a gas power unit. These donated items would be added to our list of surplus items request and sold off through purchasing.

Director of Fire Services

Michael J. Howley

CC: Kim Allen, Director of Finance
