OUTDOOR LIGHTING FEATURES

Illustrations may vary from actual product.

This Hampton Bay Low Voltage Oil Rubbed Bronze Outdoor LED Path Light provides the same bright light as a typical halogen landscape path light, but uses over 60% less energy and boasts a rated life of 50,000 hours. The integrated LED light source means maintenance-free operation and no bulbs to change for the entire life of the fixture. Top-quality features include all-metal construction, a long-life powder-coat finish, and weatherproof electronics. Do-it-yourself installation is fast, easy and safe. In this fixture the light is edgelit creating a beautiful pattern of soft light ideal for illuminating steps, pathways and smaller plants, as well as enhancing security.

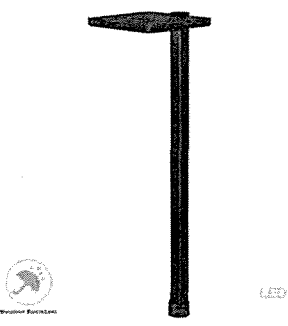

- Weather-resistant metal housing ensures lasting outdoor use
- Long-lasting LED delivers 213 Lumens of brightness using just 3-Watt of power
- Powder-coated oil rubbed bronze finish brings a upscale touch to your landscape
- 3000K delivers bright white light directed toward the ground for clear illumination
- Edgelit lens creates a beautifully soft, diffused light pattern
- Cleated, heavy-duty stake included for quick and easy installation
- 5 year limited warranty
- Can be connected to either a 12-Volt or 15-Volt Hampton Bay transformer or compatible transformer (sold separately)
- LED life of 50,000 hours

The Hampton Bay low-voltage well light is the perfect solution for illuminating landscape focal points. The bright 500 Lumens light shines directly upwards to cast a dramatic light on trees and other areas of interest. Constructed of cast aluminum and a clear glass lens, the well light is designed to withstand the outdoor elements. With integrated LED technology, the light is virtually maintenance-free with no bulbs to replace. Installation is easy with the included 12 in. of wire and the quick-connect wire connector. Designed for use with 12-Volt landscape lighting systems.

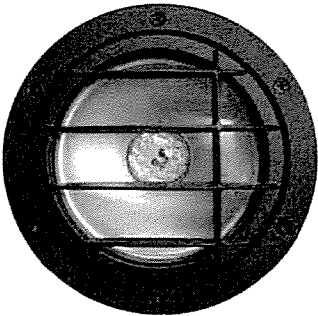

- Black finish
- Cast aluminum construction
- Clear glass lens
- Maintenance-free integrated LED no bulbs to replace
- Bright 500 Lumens light output (soft white 3000K)
- Designed for use with 12-Volt landscape lighting transformers
- Light uses 14-Watt
- Includes 12 in. of wire with quick-connect clip for easy connection
- Designed for ground use - light is not submersible
- Weather Resistant
- Rust Resistant
- Water Resistant
- Transformer and wire are required for use of this product- sold separately
