Revisions:	Date:

Architectural elevation drawing of the exterior of the building. The drawing shows a long, low-profile structure with a gabled roof. A small cupola is centered on the roof. The building features several doors and windows, including a large double door on the right side. Dimensions are indicated: 39.3' for the roof height, 44.45' and 45.3' for the building width, and 3'-6" for the cupola height. The drawing is labeled "Fin. Floor" at both ends.

East Elevation Building No. 3

Architectural elevation drawing of a building. The drawing shows a gabled roof with a 12' wide peak. The eave height is 16'-0". The building has vertical siding. The ground is sloped, with a 45.3' slope on the left and a 41.3' slope on the right. The finished floor level is indicated on both sides.

North (End Wall) Elevation

South (End Wall) Elevation

The diagram illustrates a cross-section of a road or bridge structure. It features a central rectangular section with a square in the middle, divided into four triangles by diagonal lines. The central section is flanked by two trapezoidal sections, each with a diagonal line. The entire structure is supported by a base. Labels 'slope' are placed on the vertical lines of the trapezoidal sections.
